

PRESS RELEASE

SERVIZI ITALIA: The Shareholders' Meeting approves the 2009 financial statements.

Consolidated revenues of € 184.7 million (+18.1%).

EBITDA of € 51.4 million (+17.8%).

Consolidated net profit of € 8.5 million (+29.9%).

Gross dividend of € 0.18 per share.

The Shareholders' Meeting of Servizi Italia S.p.A. (SRI.MI) – a company listed on the STAR division of the Electronic Stock Market (MTA) of Borsa Italiana S.p.A. – today approved the draft financial statements and consolidated financial statements at 31 December 2009.

Main Consolidated Results

In 2009, Servizi Italia registered consolidated revenue for about € 184.7 million, up 18.1% on the € 156.4 million of 2008.

This growth in turnover is the result of the new contracts won and begun, the entrance into force during 2009 of contracts signed the year before, the renewal of a number of contracts at improved conditions and the addition of new services such as surgical instrument sterilisation and the supply of disposable materials.

It should be noted that in 2009 the Group's result benefited from Padana Everest S.r.l. being consolidated for the whole FY, whereas in the previous FY it had been consolidated only from 16 October 2008 to year-end.

Consolidated EBITDA stood at € 51.4 million approx., up 17.8% compared to € 43.6 million in FY 2008, mainly thanks to the consolidation of Padana Everest and, to a smaller extent, to the increase in volumes recorded in the most profitable segments (linen and surgical instruments sterilisation).

EBIT reached € 16.1 million, up 8.5% compared to € 14.8 million in 2008, while the pre-tax result equalled € 13.9 million approx., compared to about € 11.8 million in 2008 (+17.8%).

Consolidated net profit reached € 8.5 million, up 29.9% compared to € 6.5 million obtained in 2008.

The consolidated net financial position at 31 December 2009 was negative by approximately € 48.7 million, against € 44.5 million at 31 December 2008, mainly as a result of the investments made for external growth.

Consolidated net equity at year-end was € 62.1 million, compared to € 55.9 million in 2008.

Parent Company's Results and Dividend

As for the parent company, Servizi Italia S.p.A. recorded total revenues of € 159.1 million approx. (+5.2% on 2008), EBITDA of € 41.5 million (+2.0%), and a net profit of € 7.3 million (+14.3%).

Furthermore, the Meeting resolved to distribute a gross dividend of € 0.18 per share to the shareholders – a pay-out of about 40% – up compared to € 0.16 of the previous year.

Ex-dividend date (no.3): 26 April 2010; payable on 29 April 2010.

Results by Business Area

An analysis of revenues by business segment would show that the consolidated revenue achieved by the sterilisation of surgical instruments reached € 19.2 million, considerably higher than the 2008 figure of € 14.5 million, in line with the business strategy aimed at developing higher added-value services.

Revenues from linen sterilisation services also recorded a significant increase compared to 2008 (+26.8%), reaching € 17.9 million.

Laundry and hire services generated € 147.6 million in revenues (+15.5% compared to € 127.8 million in 2008), accounting for 79.9% of total revenues, down compared to the 81.7% of 2008.

Significant Events Subsequent to Year-End

On 13 January 2010, Servizi Italia S.p.A. – in its role as group leader in a Temporary Association of Companies – was awarded a new contract in Tuscany to supply sterilisation services to the USL 10 local health authority in Florence. For Servizi Italia the contract is worth around € 11.8 million for the entire 6-year duration.

On 21 January 2010, the Company – in its role as group leader in a Temporary Association of Companies – was awarded a new contract in Lazio, at the San Camillo – Forlanini Hospital in Rome, to provide both linen and textiles laundry and hire services and in general to supply sterile clothing for the operating theatre. For Servizi Italia the contract is worth around € 22.5 million for the entire 5-year duration.

On 9 March 2010, the Board of Directors co-opted Roberto Olivi in his capacity as Director, to replace Augusto Torreggiani, who resigned on 5 March 2010 from the office of Director and Chairman of the Company. On the same date, pursuant to the by-laws currently in force, the Board entrusted the CEO Luciano Facchini with the office of Chairman, and Director Enea Righi was appointed Vice Chairman.

Business Outlook

In the light of the results obtained during 2009, and in spite of the unfavourable economic and financial outlook, the businesses of the Group have demonstrated their ability to withstand economic downturns. Thanks to the Group's solid financial position, the consolidation of its leadership position in the sector, the production efficiency development programmes and the continual search for ways to increase the efficiency of the Group's industrial structure, results for 2010 are expected to confirm, on a like-for-like basis, those achieved in 2009.

Appointment of a Director of the Board

The Meeting resolved to appoint Roberto Olivi as Director. He had already been co-opted onto the Board of Directors to replace the outgoing Director Augusto Torreggiani.

Roberto Olivi, 49, from Reggio Emilia, has a degree in Economics and Business from the University of Modena. He has been with Coopservice since 1990, and is currently General Manager there. Olivi boasts significant management experience gained in leading positions of responsibility. Most recently, he headed the security division (14 security branches in the Centre-North of Italy, from Reggio Emilia to Rome, with a staff of over 1800), which has experienced constant growth in recent years under his management, making Coopservice one of the leading operators in Italy in the field of private security services.

Authorisation to Purchase Treasury Shares

The Meeting resolved to authorise the sale and purchase of treasury shares pursuant to articles 2357 et seq. of the Italian Civil Code, in order to provide the company with a means to ensure operational and strategic flexibility.

This authorisation, valid for a period of 18 months, makes it possible for the Company to purchase its own shares on the market, up to a limit of 20% of the share capital and. The minimum price must be no lower than 20% of the weighted average of the official prices registered in the three days previous to the purchase, and the maximum price must be no higher than 20% of said average.

The Company owns 428,935 treasury shares to date (2.65% of the share del capitale sociale) and will thus be entitled to purchase a maximum number of 1,191,065 further shares (17.35% of the share capital).

Resolutions of the Board of Directors

Moreover the Company informs that the Board of Directors' Meeting, convened after Shareholders' Meeting, elects Mauro Paoloni as Lead Independent Director.

Servizi Italia S.p.A., a company with registered office in Castellina di Soragna (PR), listed on the STAR division of the Electronic Stock Market (MTA) of Borsa Italiana S.p.A., is the leading Italian integrated provider of rental, laundry, and sterilisation services for medical linens and surgical instruments in hospitals.
